

Conestoga Valley Education Foundation

Audrey McClune
Executive Director

Dear Parent/Guardian,

Imagine a reward that both recognizes the important contributions teachers, secretaries, custodians and other support staff have made this school year as well as provides new educational opportunities not available through the school budget and saves you, the parent, time and trouble...

That's what our "Staff Tribute Program" does!

The Conestoga Valley Education Foundation was established to attract private funds for innovative and creative programs to improve the overall educational experience for our students. Many parents wish to show their appreciation by offering a small gift at the holidays or end of the school year to teacher(s) and/or support personnel. While our employees appreciate these genuine gestures of thanks, please consider an alternative this year...a monetary gift in the name of that employee to the CV Education Foundation.

Your gift will be recognized by the Foundation and the individual(s) will be notified of your generosity and the generosity of other parents who may join in your appreciation. The gift you give will be returned to the students of the district in the form of funding for teacher grants for new and innovative programs.

Please mail your gift payable to CVEF at 2112 Horseshoe Road, Lancaster, PA 17601 and designate it TRIBUTE PROGRAM. Kindly include the Staff Tribute Form, too. If you have questions about CVEF or the "Staff Tribute Program" please contact me at audrey_mcclune@conestogavalley.org or call 717-399-1550.

With Great Appreciation,

Audrey McClune
